

William J. Ertle, CLSO – Rockwell Laser Industries (RLI)

Bio

Mr. Ertle has been associated with Rockwell Laser Industries (RLI) since 1989 where he now holds the position of President. Bill has provided in-depth lectures and training presentations for numerous RLI Training Institute courses, industry conferences, as well as presentations for events such as the International Laser Safety Conference (ILSC) and the DOE LSO Workshop. In addition, he has authored and co-authored numerous laser safety articles. Bill is the Chairman of the ANSI Z136 Technical Subcommittee on Control Measures and Training (TSC-4) and a voting member of the main Z136 committee as well as the Secretary of IEC TC 76, the international laser safety standards committee responsible for the 60825 series of standards.
